

Number : 38/UN3.8/PL/2022  
Subject : Appeal for the construction of energy-efficient Rooms,  
Structure and Buildings

January 11<sup>th</sup> 2022

Dear,

1. Deans of the Faculties
  2. School Directors
  3. Directors of Directorates
  4. Heads of Institutions
- Universitas Airlangga

In the context of efforts to save electrical energy at Airlangga University, the Directorate of Facilities and Infrastructure hereby urges the Construction of Rooms, Structure and Buildings of Faculties/Work Units of Universitas Airlangga to pay attention to energy efficiency standards by:

1. Maintaining a green base coefficient of 20% for buildings
2. Prioritising natural lighting with the use of glass walls
3. Use of energy saving lamps
4. Use of Inverter AC
5. Application of Building Management System (BMS) for the Construction of new buildings

That is all we convey this information, thank you for your understanding and cooperation.

Directors,

  
  
Nugroho Sasikirono
